

WEEKLY NOTES

October 12, 2018

Breakfast and Lunch

We still have students coming to school without eating breakfast and/or not bringing lunch with them. It is important that students have breakfast and lunch. Their brains cannot function without the proper nutrition.

- We realize mornings can be hectic, but kids need to have something to eat. I suggest you get cereal bars and fruit, which are easy to take on the bus.

We do not have a cafeteria, and the vending machines in the building do not have healthy options. In the past we have kept food in the office for students and charged a nominal price for items, but we discontinued because students refused to pay for items. Student Council is considering offering items for sale.

In the meantime, students may order from a local pizza shop the caveat is the bill must be paid prior to delivery.

Absences

If your child is going to be absent, please call the office to report the absence. To be an excused absence you will need to send in a note. Our Office number 215 663 1160

FLU Season

Now is the time to prepare for the upcoming flu season. I encourage everyone to investigate getting a flu shot. You get flu shots at most pharmacies and doctor's offices.

Student Council

Congratulations to our newly elected student council. They had their first meeting last week and came up with several fundraising ideas. Next Wednesday they will be selling soft pretzels in the building. Stay tuned for future fundraisers. We hope everybody will support their fundraising efforts.

Clubs

Our club started last week. Ask you child what clubs they joined.
